WATCH HILL PETITIONS WESTERLY

Improvement Society Asks for Special Appropriation for Highway Construction—Mathew Krango, Finnish Newspaper Editor, Found Dead in North Stonington Woods—Dr. Tetlow Addresses Boy Scouts.

In the years that have gone the Westery town council met at the appointed hour, 9:30 in the morning on the first Monday of the month. Since the present administration has administered the town affairs, no regard has been paid to punctuality and the council meets in regular session at almost any and every time, regardless of the convenience of the public that may have direct business with the council. This doesn't signify that the council does not meet at the appointed hour, for they do meet in secret conclave in their private room, and enter the council chamber and take their places around the table when they are good and ready. When the council was called to order by President Calley, the councilmen were present: Maurice E. Flynn, Francis G. Haswell, Charles G. Craig, Daniel F. Larkin, Howard E. Thorpe and Thomas F. Robinson.

Elisha E. Carpenter was appointed auctioneer.

The petition of forty-nine residents of Canal, Pleasant View, asking for additional police protection was received. Ordered on file.

Milk licenses were granted to Victoria Brindley and William F. Francis.

The petition of Natalie Gibrille for a pool room at 80 Pierce street was referred to the chief of police for approval.

Chief of Police Thomas E. Brown reported seventeen arrests in September as follows: Intoxication, 10; violent assault, 4; and each for reviling, insane and theft.

The bills presented for town expenses during September were ordered paid, which included \$550 for the assessor.

The Watch Hill Improvement society petitioned for a special appropriation for the improvement of the highway between Westery and Watch Hill, for the roads at Watch Hill and for the grading of streets that will remain the building of the town.

Councilman Haswell said the matter had been given consideration and the conclusion reached that the work could not be done without special appropriation, that is done as it should be, but that the road could be patched up for perhaps \$10,000, but to rebuild the expense would be much more.

Councilman Flynn was opposed to the patch-work plan, as it would be a public nuisance. He favored a town meeting for action in the matter.

Clerk Whipple suggested that no meeting be held until after the tax book was completed, as then the debt limit would be established.

Councilman Robinson stated that the increase would have been about \$10,000 and if that was used it could only apply to patch work of the Watch Hill road.

Attorney A. E. Barrington called attention to the condition that prevails at a turn in the road near the B. F. Clark place near Pleasant View, and asked that the town construct a stone wall at that point, in accordance with a former agreement between the town and the owner of the property. Referred to the highway committee to report at next meeting.

A local automobilist recently returned from a trip through the major part of New England, declared that he had toured over many miles of road before he encountered a highway that was in such miserable condition as the road between Westery and Watch Hill in his old home town.

Not only that, but he happened to make a trip to the White mountains, where the Watch Hill road in its present condition was a disgrace to the highway. He did not tend to increase the popularity of Watch Hill, but materially decreased its attractiveness, which means a loss to the business people of Westery.

This gentleman said his automobile had been ruined by reason of the condition of the road, and that if he could rent his cottage at the hill, he would spend the summer elsewhere, and that there were more of the same kind of road, and that if he could rent his cottage at the hill, he would spend the summer elsewhere.

There are many holes in the road for nearly its entire length and the breakage of automobile springs is a matter of every day occurrence. This gentleman added that if the people of Westery are alive to their own best interests, the Watch Hill road ought to be put in first class condition before the opening of the 1916 season.

Matthew Krango, editorial writer of the Finnish newspaper, published in Brooklyn, and who for the past three years has resided on the Ezekiel Turner place, in North Stonington, was found dead, probably from heart disease, in the woods near his home, late Saturday afternoon. He started off to cut a path through the woods and as he did not return for dinner a search was made for him and he was found dead. Dr. M. H. Scanlon, medical examiner for Westery, was called. When he arrived the case was not within his jurisdiction, he notified Dr. Harrington, medical examiner for North Stonington, who took charge of the body. After investigation, and satisfied that death was due to a natural cause, a permit was given for the body's removal. Mr. Krango was a noted linguist, having mastered seven languages. He leaves his wife in Finland and a daughter seven years of age, who lived with him in North Stonington.

ITCHING PIMPLES

ON FACE AND ARMS

Would Turn Into Blotches. Caused Disfigurement. Had to Keep Arms Wrapped Up. Used Cuticura Soap and Ointment. In 2 Months Well.

48. Wagon Place, Springfield, Mass.—"My baby had pimples on his face and arms and they would turn into blotches. They caused disfigurement while they lasted and they itched, for he would scratch till he bled. When he scratched, wherever he put his hands afterwards on his face or arms, other pimples would appear. Nights he would cry and I had to stay awake with him to warm water and bathe him. I had to keep his arms wrapped up most of the time on account of his clothes."

"I used a number of salves and other remedies, but none did any good. Then I read about Cuticura Soap and Ointment and thought I would try them. In one week I could see his skin beginning to clear up and in two months it was all well." (Signed) Mrs. J. Petelle, October 16, 1914.

STONINGTON
Back to the Wet Column After a Year in the Dry — By Larger Majority Than Ever—Republicans Make Clean Sweep.

After a year of no-license, Stonington is back into the license column and by a larger majority than ever. Pawcatuck district was the first to report the result, 434 yes, 323 no, a majority of 106 in that district. Then came Stonington with a majority of 89, and Mystic with 25, bringing the total majority of the three largest districts in the town up to 220. These figures do not include the vote in the Old Mystic and Road districts, where the total vote is about 180. Many voted for license in Pawcatuck, being of the opinion that so long as Westery is in the damp column it is just as well for Pawcatuck to be dry, as only what Rev. Dr. Horton recently termed the Bridge of Sighs connects the two villages and is practically of one common interest. The returns were slow in coming in and as finally received showed that every district except Old Mystic favored license, and in that district only a majority of 2 was accorded for no-license. The majority for license are: Pawcatuck 192, Stonington 89, Mystic 25, Road district 8, bringing the total up to 266.

While Pawcatuck voted for license, the district went strongly republican, the members of that party to the number of 383 voting the straight ticket, as against 244 straight democratic tickets, thereby starting off with a majority of 139 with the beginning of the count of the 163 split ballots. The total vote in the district was 789, or just one more than was cast in the last November election of 1914.

It was early learned that the two republican candidates for selectmen were elected, with the straight republican vote in Pawcatuck as the indicator, and the largest voting district in the town. In Stonington the vote was Republican, republican, 184; Gledhill, republican, 18; Chesbro, democrat, 200; Wallbridge, democrat, 185. In Mystic: Boulter 358, Gledhill 257, Chesbro 109, Wallbridge 95. The totals in these two districts being: Boulter 442, Gledhill 471, Chesbro 309, Wallbridge 280.

Following is the vote for selectmen by district:

	Boulter	Gledhill	Chesbro	Wallbridge
Stonington	184	184	200	185
Pawcatuck	192	428	21	284
Mystic	358	257	109	95
Road Dis.	13	13	33	31
Old Mystic	24	21	15	21
City	916	933	688	600

The republicans made a clean sweep, electing these officers besides the selectmen: Amos G. Hewitt, assessor; William J. Lord, assessor for three years; and Edward E. Bucklin, for one year; Elias B. Hinchey, town clerk and town treasurer; Frederick Boulter, agent for the town; Jerome S. Anderson, Jr., auditor; William E. Ryan, collector of taxes; Thomas C. O'Connell, George H. Kenyon, Shelby C. Nichols, Thomas Fox, constables; James H. Weeks, George T. Lord, Seth N. Williams, John J. Jeffrey, Franklin A. Grand, registrars of voters; John K. Bucklin, school committee for three years; Henry Robinson Palmer, school committee for one year to fill vacancy.

Dr. and Mrs. George H. Kenyon, of Westery, the new owners of the Red Brook place, were in the borough Saturday, arranging for extensive improvements in the estate in preparation for their occupancy.

A man giving his name as Michael Shea, and Pawcatuck as his residence, was before the Stonington town court Saturday morning, charged with vagrancy. He was sentenced to thirty days in the jail at New London and was committed by Officer Shelby Nichols.

Thirty of the girls of the Stonington high school have formed a glee club and elected these officers: Miss Elsie Carley, president; Miss Florence Watrous, vice president; Miss Sarah Adamson, secretary and treasurer.

There is talk of the formation of a Law and Order league in Stonington.
